

# VALOR ESSENTIAL OIL

BALANCES ENERGY IN THE BODY AND  
BRINGS COURAGE TO THE MIND

Valor Essential Oil balances the spiritual, physical, mental and the energy alignment of the body.

This oil's aroma is very soothing and calming. It may be especially calming and comforting to young children after an overactive and stressful day. May be used alternately with Peace and Calming Blend.

It is one of my top ten favorite oils, and it is a must have. I use it in most massages that I perform.
